The "I have ADHD" skill for agents

i-have-adhd — strips the filler from
answers

THE PROBLEM

You ask one thing.
You get three paragraphs
and "hope this helps"

every coding agent

10 OUTPUT RULES

- Lead with the next action
- Number every multi-step task
- Cap lists at 5 items
- No preamble, no recap, no closers
- End with one concrete next step

SETUP

2

commands in Claude Code

Codex supported · MIT

TRY IT

**Fork SKILL.md,
tune the rules**

github.com/ayghri/i-have-adhd
