An agent that job-hunts for you

ai-job-search — Claude Code skills,
running on your machine

WHAT /apply DOES

- Scores the job on 5 axes
- Drafts CV and letter in LaTeX
- A second agent critiques the draft
- Compiles the PDF, then looks at it
- Verifies the ATS text layer

A GEOPHYSICIST WHO GOT LAID OFF

PEOPLE ACTUALLY TAKE IT

1 : 3

12.7k forks per 37k stars

HYPE REPOS USUALLY SIT AT 1:15

THE CATCH

- Token-hungry
compile-and-inspect loop
- /scrape can hallucinate ghost jobs
- Needs a full LaTeX toolchain
- 4 of 6 portals are Danish
