

CLAUDE CODE · v2.1.237

Your agent finally shuts up

the built-in Concise output style

THE PROBLEM

- "Let me..." before every step
- Restating your request and plan
- A recap of what it just said
- The answer buried in narration

UNDER THE HOOD

6

rules in the system prompt

~250 tokens, no new code

WHAT IT DOES

- Leads with the result
- Simple question, 1-3 sentences
- Full detail when you ask
- Errors and warnings kept intact

GOTCHAS

- The `/output-style` command is gone
- Turn it on in `/config`
- Loaded once at session start
- No `/clear`, no effect

TURN IT ON

Agent tone is now a product setting
