SEO for bots, not for Google

claude-seo — an audit plugin for Claude Code

TRENDING

+3081

in a single week

25k stars in eight months, MIT

CHECKS BUILT FOR LLM ANSWERS

- llms.txt — a site card for agents
- Content-Signal: index yes, train no
- ai-catalog.json — your API for bots
- Citability — can a passage be quoted

HOW IT IS BUILT

- 26 sub-skills, 19 sub-agents
- Up to 17 run in parallel
- Installs as a plugin, one command
- PageSpeed and CrUX need no keys

WHERE IT COSTS MONEY

- No backlink database of its own
- Competitor data via DataForSEO or Ahrefs
- Free: on-page, technical, GEO
- Semrush charges $140/mo for the same

TAKEAWAY

The interesting part of SEO now happens where there is no SERP
