

VERCEL · EVE

**10 ready-made agents,
one click each**

the eve template gallery

WHAT IS THERE

- Marketing Team — a lead, 5 specialists
- GitHub Maintainer — weekly issue digest
- Personal Agent — web, Slack, iMessage
- Browser Agent — a real cloud browser

HOW IT WORKS

- An agent is just a directory
- instructions.md is the system prompt
- tools/*.ts — filename is the tool name
- Hit Deploy, then edit like any app

SCALE

10

agent templates

Apache-2.0, still beta

THE CATCH

eve is beta, and Browser
Agent is untouched since June

checked August 16
