World Monitor — your own situation room

An open global intelligence dashboard
you can self-host

WHAT IT DOES

- ~90 data sources on one map
- Conflicts, quakes, wildfires
- Flights, ships, satellites, cyber
- Markets, commodities, crypto
- 56 OSINT channels and 35+ RSS feeds

SELF-HOST

- `docker compose up -d`
- Runs with zero API keys
- AI briefing runs in your browser
- AGPL-3.0, Tauri desktop app

TRACTION

77k

stars in six months

+1.3K A DAY AT PEAK

CAVEAT

Forecast resolution
sits at 57%.
